feed program

Feed Program Benefits:

pH Stable

When properly mixed, Dual Fuel 1 & 2 sets perfectly in water at a pH between 6.0 – 6.2, making it one of the easiest and most reliable fertilizers on the market.

Packed with Essential Ingredients

A brief consultation with the guaranteed analysis of Dual Fuel 1 & 2 will reveal an aggressive, yet balanced list of essential elements.

Highly Concentrated

Dual Fuel 1 & 2 are hyper-concentrated, with the average application (depending on plant age, size and stage) coming in at 1.0 – 2.0 ml per liter.

Easy to Use 1:1 Ratio

Dual Fuel 1 & 2 is designed to be mixed at 1:1 ratio in both vegetative and flowering growth.

High Value (Get More for Less)

The Dual Fuel 2 Part Program is the most affordable feed program from GreenPlanet Nutrients – it offers growers more for less by being economical, easy to use and hyper-concentrated.
