

**A SIMPLE AND HIGHLY SOLUBLE
FEED PROGRAM DESIGNED
SPECIFICALLY FOR THE AUTOPOT
WATERING SYSTEMS**

AUTOPOT 2 PART STARTER KIT

-  LIQUID FERTILIZER
-  ADDITIVE NUTRIENT
-  VEGETATIVE STAGE
-  BASE NUTRIENT
-  FLOWERING STAGE

WHAT IT IS

When growing in a gardening system designed specially to simplify the lives of cultivators, it only makes sense to use the easiest and most cost-effect nutrient program on the market as your source of plant nutrition. Our easy to use 2 part Dual Fuel Feed Program, now revamped specifically for AutoPot Watering Systems.

HOW IT WORKS

Our 2 Part Dual Fuel Starter Kit comes with the nutrients you need to grow from seed to harvest. Dual Fuel is our 2 part base nutrient that is easy and simple to use. Whether you're a novice or master grower, Dual Fuel can be tailored to the demands of your grow. Massive Bloom Formulation is our premier flowering additive designed to encourage budding, help facilitate bulking, and the ripening of flowering plants. Rezin is our terpene enhancer formulated to enhance the natural processes within flowering plants that produce flavour and aroma. Liquid Weight is our blend of simple and complex carbohydrates that support the plant and beneficial microbial life in the root zone. This leads to an increase in the absorption of essential nutrients that help develop impressive aromatic flowers and fruits. Vitathrive Propagation Solution is our comprehensive additive blend of vitamins and minerals formulated for the vegetative stage of plant growth. It is designed to reinforce plant health and support essential functions.

HOW TO USE IT

This kit includes the necessary nutrients to follow the Dual Fuel Feed Program. Refer to the Dual Fuel Feed Program for application rates during each week of plant growth for each product.

FOR USE IN

HYDROPONICS

DRAIN TO WASTE

RECIRCULATING

SOIL / SOILLESS
